

CGW5355 Online Update program, problems with installation on PC, solved

Following the previously released information **CGW5355 Online Update program, problems with installation on PC** we can inform you that the problems are solved and that a new installation file is available at www.hmfcranes.com.

This means that it is now possible to install the CGW5355 Online Update on all computers installed with Windows XP up to and including the latest version of Windows 10 "20H2".

You will be able to find the new installation file in the same location as the previous one. The installation process is unchanged.
